

#### ► Product Features

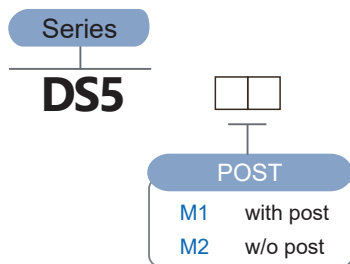

- Miniature package for space saving
- Detect vertical and horizontal movement
- Top actuated
- RoHS Compliant

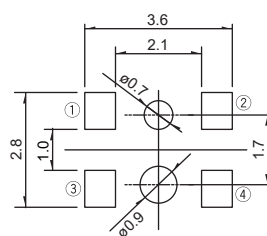

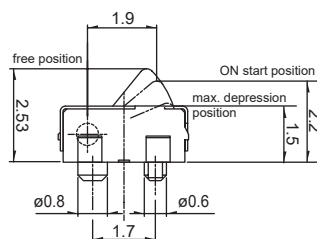

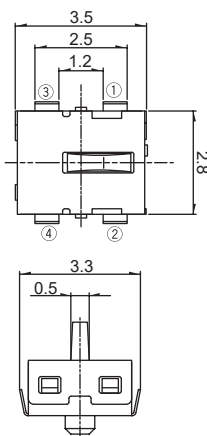

#### ► Specification

Operating Force	40 gram max.
Operating Temperature Range	-40°C ~ 85°C
Voltage Rating	5VDC, 1mA
Actuation Life Cycle	50,000
Insulation Resistance	100 MΩ min @ 100VDC
Dielectric Strength	100 VAC for 1 minute
Contact Resistance	2Ω max.
